

Operations on Whole Numbers Ex 4.2 Q4

Answer :

The largest five-digit number is 99999.

The smallest six-digit number is 100000.

\therefore Difference between them = $100000 - 99999 = 1$

Operations on Whole Numbers Ex 4.2 Q5

Answer :

The largest four-digit number = 9999

The smallest seven-digit number = 1000000

\therefore Difference between them = $1000000 - 9999 = 990001$

Operations on Whole Numbers Ex 4.2 Q6

Answer :

Money deposited by Rohit = Rs 125000

Money withdrawn by Rohit = Rs 35425

\therefore Money left in the account = Rs $(125000 - 35425) =$ Rs 89575

***** END *****
