

Operations on Whole Numbers Ex 4.2 Q4

Answer:

The largest five-digit number is 99999.

The smallest six-digit number is 100000.

∴ Difference between them = 100000 − 99999 = 1

Operations on Whole Numbers Ex 4.2 Q5

Answer:

The largest four-digit number = 9999
The smallest seven-digit number = 1000000
∴ Difference between them = 1000000 - 9999 = 990001

Operations on Whole Numbers Ex 4.2 Q6

Answer:

Money deposited by Rohit = Rs 125000

Money withdrawn by Rohit = Rs 35425

∴ Money left in the account = Rs (125000 − 35425) = Rs 89575

******* END *******
