Operations on Whole Numbers Ex 4.3 Q8

Answer :

Cost of 1 colour television set = Rs 19820

∴ Cost of 125 colour television sets = Rs (19820 × 125)

$$= Rs\ 19820 \times (100 + 25)$$
$$= Rs\ (19820 \times 100) + (19820 \times 25)$$
$$= Rs\ 1982000 + 495500$$
$$= Rs\ 2477500$$

Operations on Whole Numbers Ex 4.3 Q9

Answer :

Fees charged from 1 student = Rs 8880

∴ Fees charged from 235 students = Rs 8880 × 235 = 2086800

Thus, the total collection from class VI students is Rs 2086800.

Operations on Whole Numbers Ex 4.3 Q10

Answer :

Cost of construction of 1 flat = Rs 993,570

Total number of flats constructed = 350

Total cost of construction of 350 flats = Rs (993,570 × 350) = Rs 347,749,500
